ALSO – Leading in competence, consulting, services and technology

▶ Pre-sales assistance & technical support

Our experienced sales and consulting team will advise you on all matters. They have in-depth product knowledge to provide our sales partners with the best possible support for their inquiries.

▶ Demo-Pool

Test selected rental devices from our demo pool or get to know services better in a live demo on site or virtually.

▶ Asset & Renewal Services

ALSO supports you in the areas of license management, notification and support for license renewals.

▶ Professional services

Whether on-site installations, customer-specific training or a visit to our Cybersecurity Escape Room - we are there for you.

▶ Export services & financing

We handle transportation for you and support you with administrative, export-specific issues. We also offer customized financing services for projects of all kinds

▶ Trainings

As an authorized training center, we offer regular technical and product-specific training, workshops and certification courses.
